Ileda Partners held their forth project meeting on 12-13th June 2023 in Finland

Event was hosted by University of Eastern Finland.
Project partners were included in project progress reporting for PR3 and PR4. Everyone had the opportunity to share their feedback on the pilot courses created under the Ileda project.
During the second day of meeting partners discussed management and administrative issues as well as planning of the upcoming events and final output – Guidelines for developing of courses not included in pilot courses.

NEWSLETTER
